

**WANTED**

**RENEWABLE ENERGY 401(K)**

**\$350 BILLION**

# JOIN THE CLEAN ENERGY DOZEN

12 of Americas Best Companies Creating a Golden Age of Renewable Energy

- A Strong Economy
- A Healthy Environment
- Blaze a Trail to a Clean Energy Future by adding a Renewable Energy Fund to your 401(k)

**Did you know 90% of employees want more renewable energy production but about 0% have a clean energy choice in their 401(k)?**

**If every company in America offers a renewable energy 401(k) option we'll create a massive \$350 billion dollar increase in solar and wind energy production**

Did you know that your company can easily add an existing, well performing renewable energy fund and increase employee satisfaction? We all like making a positive contribution

Electric cars and trucks will help **replace the \$500 billion we spend each year on foreign oil with renewable energy and American jobs.** See the future at [www.TREI.us](http://www.TREI.us)

## Join the Clean Energy Dozen and Make History

Email The Renewable Energy Initiative (TREI) today at [info@TREI.us](mailto:info@TREI.us) or contact Ken Beitel Advisory Board Chair at 720 436-2465. We'll meet with your senior management to guide them through the easy process of adding one renewable choice to your 401(k) plan.

With your leadership 50 million Americans will gain a Renewable Energy 401(k) choice  
**And, your company will receive great publicity and attract new customers**

**Be a respected corporate leader. Be one of the proud.  
Be one of the brave. Be the Clean Energy Dozen**
